Feature Highlights

Rotax 1630 ACE - 350 Engine

The Rotax 1630 ACE - 350 is the industry's most powerful PWC engine from factory. With its 350 hp, this engine delivers incredible acceleration and power thanks to innovative engineering for uncompromised offshore performance.

Hydraulic Steering Damper

3 steering positions to quickly control the stiffness. It adds riding precision by removing undesired input in rougher conditions. It provides a premium feeling and improved control to the rider.

10.25 in. Touch Display

Bring your on-water experience to another level with this premium and elegant touchscreen display developed specifically for Sea-Doo riders. Enjoy enhanced connectivity and intuitive features including ride statistics, a compass, media control, marine navigation with the BRP GO! app and much more.

Ergolock System

A narrow seat profile with deep knee pockets lets riders sit naturally and use the lower body to hold onto the machine for more control.

ST3 Hull

An innovative hull that sets the benchmark for rough water handling, stability, and offshore performance.

Swim platform with Integrated LinQ System

Exclusive quick-attach system on the largest swim platform in the Sea-Doo family that allows for easy installation of accessories.¹

¹ The cooler is an accessory.
